

## **REQUEST FOR EXPRESSIONS OF INTEREST**

### **Seafood Expo Asia, Singapore**

**2 - 4 September, 2026**

Seafood Expo Asia is a premier event that brings together seafood industry buyers and sellers to explore business opportunities in the growing Asian market. Scheduled to take place at the Sands Expo and Convention Centre in Singapore from 2 to 4 September 2026, the expo offers a strategic platform for our tuna companies to connect with buyers from across Asia and beyond.

Companies that have participated in past editions of the expo have successfully secured deals and built valuable international networks. As such, attending Seafood Expo Asia can play a pivotal role in growing and expanding your business.

As part of its continued support for private sector development in the tuna industry, the Pacific Islands Forum Fisheries Agency (FFA) will sponsor a Pacific Pavilion, providing an opportunity for Small and Medium Enterprises (SMEs) tuna companies from FFA Member countries to showcase their products, promote their businesses, and engage directly with potential buyers and sellers.

Due to limited funding, FFA sponsorship will cover return economic airfares to Singapore for participating companies. Companies will be responsible for meeting their daily living expenses associated with attending the event.

Interested companies must meet specific criteria outlined in the Expression of Interest (EOI). It is essential to carefully review each criterion when completing the EOI form, as your application will be assessed by the FFA.

Please submit your completed EOI no later than 31st July 2026, to Mrs Luisa Tagicakibau, PEUMP II Team Leader and Activities Coordinator, via email [luisa.tagicakibau@ffa.int](mailto:luisa.tagicakibau@ffa.int).
